

## REMARKS

Prior to a formal examination of the above-identified application, Applicants respectfully request entry of the following amendment to the claims. The claims are amended to provide improved grammatical and idiomatic form. It is believed that the amended claims are allowable over the prior art and will facilitate processing of the application.

This amendment amends claims 1-6, and adds new claim 7, all without prejudice or disclaimer. After entry of this amendment, claims 1-7 are pending in the application, including two independent claims.

Applicants respectfully submit that no new subject matter has been added with this amendment. Each of the amendments and corrections finds full support in the specification, drawings and claims as originally filed.

Entry and consideration is respectfully requested. Please charge any necessary fees, including any extension of time, or any other fee deficiencies to Delphi Technologies, Inc., Deposit Account No. 50-0831.

Respectfully submitted,
